

Fontana Dolce 2009

A blend of Cabernet Franc, Cabernet Sauvignon, Riesling and a touch of Cabernet Franc Icewine juice fermented in stainless steel. All grapes were sourced from our vineyard along the Niagara River.

Tasting Notes

We know some people "only drink white wines," but this here should be an exception. The Dolce converts many to red wine; enough for a cult following. The refreshing blend recalls blueberries, cherry candies and blackberries. Terrific with pizza or made into Sangria. This wine is the first of three releases of our new Fontana Series - wines for everyone.

Fontana Series

The Fontana label recalls a timeless Hollywood movie scene that brings a sense of joy to its audience – a reflection of what's inside the bottle. The Fontana Series is our new series of casual, easy-drinking wines that bring family and friends together, turning a regular evening into a special occasion.
